Keith Dunn - Making safety FUN

✓ **Dynamic Internet Safety Speaker**

Keith Dunn has been warning and training parents, teachers, law enforcement, and other community organizations nationwide about **online dangers** since 1999. He has worked closely with Federal, State, and Local Law Enforcement as well as public and private investigative teams around the country. Keith's knowledge about current **teen trends** and technology brings a laser focus to his safety message.

✓ **Entertaining Speaker for Digital Safety and the College Lifestyle**

Keith's under-cover investigation experience taught him real-life events that college students face online everyday. His presentations use **actual college lifestyle situations** to draw in the audience with real talk, real issues and real answers, along with a high-octane fun learning event for college students. His humor and connection with the audience will **motivate** and **engage** them all.

✓ **Energetic and Motivating Presentations**

Keith has a strong background in the performing arts as well, which allows his presentations to bring his stories to life through **comedy** and **tragedy**. While serving in the Armed Forces, Keith was honored to be selected to perform with the group "**Tops in Blue**", a performing group started by Bob Hope that has featured many celebrities like Sinbad, Jerry VanDyke, and others. Keith has an exceptional ability to read his audience, then capture their attention.

✓ **Reality Check for Students and Parents**

Parents, get ready for an eye-opening, jaw-dropping performance **full of laughter** and tears. Programs developed by Keith are comprised of three simple elements: **Warning Signs**, **Prevention**, and a **Live Demonstration**. Keith provides an exciting and fun approach to seeing the Internet through the eyes of your child and also will show you the sad reality of the Internet as a sexual predator. Parents will learn "The Real Truth" about Internet dangers and the digital world of **cyberbullying**.

"If you want to make a difference in your students' and parents' lives, bringing Keith in to do his presentations will be the best choice you ever make."

Raves for Keith Dunn...

“ Keith should be a stand up comic. He is motivating, funny and his stories were AMAZING. Being an actor myself, he should be on the big screen.”

- Eric Dorsey (Former NFL NY Giant & Actor)

“ Being a senior in high school, I thought Keith would just be another boring typical speaker. He turned out to be the most enthusiastic, passionate, funny speaker I have ever seen. I learned more from his program about the internet than I thought I already knew.”

- High School Senior (Spearfish, South Dakota)

“ Thank you again for a great presentation. Worth the money.”

- Lisa Ormond, Principal, Granville Middle School

To Whom It May Concern:

I offer this letter in support of Keith Dunn (KDCOP.COM) based on the OUTSTANDING presentation he gave to middle and high school youth in the Black Hills of South Dakota. Although we are a rural state, our youth have the same access via the internet that students in New Jersey, San Diego, or Dallas have. Mr. Dunn drilled this point home to adults in the audience as he with great ease talked to the students in their own internet lingo and made live internet presentations.

I don't believe there is any topic that is more relevant to our youth, more timely or more necessary than the presentation provided by Mr. Dunn. His unique background and the depth of experiences that he brings to his presentations immediately grabbed the respect and attention of the youth in attendance. Here are a few comments from students who attended his school based presentation:

“I liked that he was so enthusiastic and made so much effort to teach us, he was funny and could talk to us in our own lingo. I recommend that he come back and talk to the elementary kids. His message on safety was an eye opener for us all.” Spearfish High School Student evaluation of KDCOP Internet Speaker.

Mr. Dunn was pleasant, reliable, professional and presented material that was appropriate and educational to our students. I happily recommend him with out any reservations. Our community is still talking about his message. Mr. Dunn would be an invaluable and timely presenter to any progressive, proactive group, business, school or community with the best interest of children and youth at heart. Please call on me if I can provide any more information.

Respectfully,

Angie King, MS

Keith's Speaking Topics

Internet Safety for Children

This interactive and entertaining seminar will have your students laughing and learning at the same time. Keith will teach your children about how to set small goals, but **dream big**. He covers cyberbullying, MySpace, Facebook, Bebo, and many others. Keith also shares his former detective stories with the students. This seminar is for grades 5th-8th and high school, and each program is **tailored specifically** to each grade. The programs involve the teachers as well as the students, and includes prizes, games, and special techniques to keep the attention of students at all times.

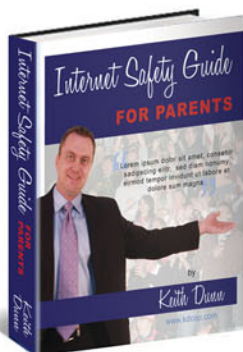

Internet Predators & CyberBullying

Keith has developed an eye-opening, **jaw-dropping program** designed for parents. Adding humor and entertainment to these very delicate topics will have your audience learning, laughing, and sometimes crying. Keith tells stories from victims he actually has met while doing many national talk shows like the Montel Williams Show. Topics covered are warning signs, protective measures, and most exciting yet frightening, an **online live demonstration**. Parents will get to see what it is like to be a child online in this day and age.

College Safety

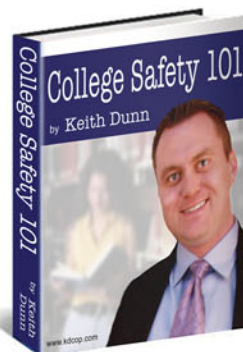

NEW: Digital Safety for the College Student

We hear about digital detours and online pitfalls that college students face everyday in the news. Being a former undercover detective for internet crimes, Keith addresses important issues like online dating, cyber stalking, id theft, online gambling, viruses from downloads, social networking for fun....or for a future job. Keith's college presentations bring an eye-opening reality to college living in today's wired world. His charismatic, enthusiastic approach-plus a dose of humor-is why colleges across the country want him back.
